# Hello

Music & Lyrics by Baldwin/Knotts/Nobles/Young

Hello all you people,  
Hope you're feelin' good.  
Gonna give you a show,  
Like you knew we would.  
Yeah

With the speed of the lights,  
And the beat of the drum,  
Gonna rock you tonight,  
Glad you all could come.  
Yeah

Saved all your money,  
Stood in lines for so long,  
But now we're together,  
Everybody come along.

Hello all you people,  
Welcome to the show...  
Yeah

# Yes I Am

Music & Lyrics by Baldwin/Knotts/Nobles/Young

We've got to be together,  
Cause I can't last forever.  
Have a celebration,  
Just use our imagination.

I know that you can do,  
The things that I want you to.  
You just gotta know,  
How much I need you.

Take my hand,  
I'm your man,  
Yes I am.

I'm your man,  
Yes I am.

Do you think we will grow?  
Well I've got to know.  
Can't you feel how much I love you?

You give me inspiration,  
Through your deep emotions.  
You gotta know,  
How much I need you.

Take my hand,  
I'm your man,  
Yes I am.

I'm your man,  
Yes I am.

# Cheater

Music & Lyrics by Baldwin/Knotts/Nobles/Young

Let's face the fact,  
This love affair is through.  
I've compromised,  
Tried to justify your lies.

I should have known,  
You were too good to be true.  
I'm so alone,  
Lord I'm feeling so blue.

You're a cheater,  
A two timin' woman.  
Mistreater,  
Yes, you're doing me wrong.

Funny how feelings fade away,  
My memories of you always stay.  
Two long years ago today,  
Your love gave to me in every way.

It really doesn't matter anymore,  
You have no feelings,  
No love anymore.

You're a cheater,  
A two timin' woman.  
Mistreater,  
Yes, you're doing me wrong.

# Backseat Lovers

Music & Lyrics by Baldwin/Knotts/Nobles/Young

Ooh yeah

I took my baby out into my car,  
Her old man told me not to take her too far.  
We drove around from parking lot to lot,  
You know we really didn't want to get caught.  
Get down!

Backseat, Backseat Lovers  
You know our love is undercover.  
Backseat, Backseat Lovers  
I hope that we won't be discovered.

We talked a lot without much to say  
But then she told me that today was the day  
She leaned over and she did it to me  
I got the works and it was first degree.

She got me cookin', I was set on fire  
Then she asked me for my heart's desire  
What could I say, she spent the night with me  
Hot burning love, I'm in ecstasy.

Backseat, Backseat Lovers  
You know our love is undercover.  
Backseat, Backseat Lovers  
I hope that we won't be discovered.

# Gangbusters

Music & Lyrics by Baldwin/Knotts/Nobles/Young

We arrived at the scene,  
They gave us a glance  
Lookin' hard and mean.

They stood no chance.  
They had no choice,  
Me and the boys,  
Set out to prove.

Gangbusters - we are untouchable.  
Gangbusters - we are invincible.  
Gangbusters - we are untouchable.  
Gangbusters - I think me just might put you away.

Watch out, we're closin' in.  
We'll show you are stuff,  
We're going to win.

Me and the boys,  
Will set to prove,  
It's now or never,  
Now make our move.

Gangbusters - we are untouchable.  
Gangbusters - we are invincible.  
Gangbusters - we are untouchable.  
Gangbusters - I think me just might put you away.

Gangbusters - we are untouchable.  
Gangbusters - we are invincible.  
Gangbusters - we are untouchable.

Gangbusters!

# Make Me

Music & Lyrics by Baldwin/Knotts/Nobles/Young

Had to make me pretty,  
Had to make me clean.  
Give me a plastic face,  
I had to play the game.

Stick me in a suit,  
Tried to make me tame.  
Try to take away the way I feel,  
Just to get me fame.

Try to make me,  
Try to break me.  
You're never gonna change me.  
Never gonna rearrange.

I ain't gonna be silly,  
Don't see myself as cute  
I just want to grind all night  
And burn this monkey suit.

This is what I am  
This is what I do  
Don't you try to hold me back  
My time with you is through.

Try to make me,  
Try to break me.  
You're never gonna change me.  
Never gonna rearrange.

# **Bandit**

Music & Lyrics by Baldwin/Knotts/Nobles/Young

Ridin' reckless,  
Feelin' frantic,  
The heat is closin' in on me.

Feelin' hopeless,  
Trapped in terror.  
Run for your life,  
Just to stay free.

Desperation rips my soul,  
And it just won't let me go.  
Inspiration,  
Feelin' low,  
Where did my friends all go?

I'm a bandit on the run,  
And it's only just begun.  
I'm a bandit, can't you see?  
I will never be free.

Prison life is so confined.  
It's a circus, locks and chains.  
Metal walls bend my mind.  
This clockwork drives me insane.

I'm a bandit on the run,  
And it's only just begun.  
I'm a bandit, can't you see?  
I will never be free.

## Sirens

Music & Lyrics by Baldwin/Knotts/Nobles/Young

Off in the distance,  
From flowering fields.  
Sweet sounding voices,  
A dream to real.

Something surrounds me,  
A spell or a trance  
It's my destiny,  
By spellbound romance.

It's all so enchanting,  
Drawing me near.  
I'm trapped,  
Oh no escape.

It's all so enchanting,  
Drawing me near.  
This danger,  
This danger I fear.

On the jagged seashore  
I lie awaiting my fate  
I see you get pleasure from your  
Devilish trait.

Your beauty and terror  
Legend to dread  
Soon you will meet  
With the souls of your dead.

Now that you're vanquished  
No power for harm,  
leave the island of Sirens  
Come to my arms.

Your beauty and terror  
Legend to dread  
Now you're face to face  
With the souls of your dead.  
No!

# Seasons of Change

Music & Lyrics by Baldwin/Knotts/Nobles/Young

Flying so high,  
Worked hard for so long.  
Could hardly believe,  
The world you had won.

Gave all of your life,  
Made a dream come true.  
Few will travel the path you do.

Colors of your life fall from the sky,  
Forthcoming shadows the night wind cries.

Cast aside from all that you had,  
Heart of darkness is driving you mad.  
So many memories, it's hard to endure,  
Seasons of Change -  
Life's so unsure.

Hope is like the sun as we journey on,  
Cast the shadow of darkness behind you.  
Just as the dawn comes from the night,  
Shine on never lose your light

# Forever Yours

Music by Baldwin/Knotts/Nobles/Young

Lyrics by Chris Kinkade

Come to me,  
I need to feel your gentle touch.  
The melody of your voice  
It brings me warmth.

Promises  
Spoken softly through the night.  
Your sweet caress  
Lights my love that burns so bright.

Fly with me,  
We'll soar into azure skies,  
A dream within a dreamer's eye.  
Forever yours.

Take hold of my hand,  
I know the words you long to hear.  
I know your deepest secret fear.  
Forever yours.

Forever Yours...

# The Wizard

Music & Lyrics by Baldwin/Knotts/Nobles/Young

Majestic skies turning to gray.  
Beware of the fury, no time to delay.  
On wings of destruction, with fire in his eye.  
Descending dragon, village of echoing cries.

I am the Wizard, save thee I will.  
(How will you do it?)  
Just know that I will.

I am the Wizard, save thee I shall.  
(How shall you do it?)  
With faith and a spell.

A flash lances the sky.  
Unshackled liberty,  
Unleashed, undenied.

Preparing for battle, demanding decree.  
"Stirips eht nommus I", the powers that be.

I am the wizard, save thee I shall.  
(How will you do it?)  
With faith and a spell.

I am the Wizard, save thee I will.  
(How will you do it?)  
Just know that I will...  
Just know that I will.

Thunder and lightning cracklin' the sky.  
Onslaught of glory, this demon shall die.

I am the wizard and I have returned.  
(Have you delivered us?)  
Just listen, you'll learn.  
It shall be written across the land.  
I've conquered this demon, by my own... hand.

## **Two Fisted Night**

Music & Lyrics by Baldwin/Knotts/Nobles/Young

It's a two fisted night and the full moon is showing.  
The feeling is right, time to get going.  
No need to worry, I haven't got a care.  
If there's action tonight, I'll find it out there.

It's a two fisted night and I'm dressed for thrills.  
Zip my leathers up tight, I'm in for the kill.  
It's a two fisted night and I'm dressed for thrills.  
She'll be lookin so right, gonna get my fill tonight.

The streets are all jammed and there's wall to wall action.  
Music's cranked up, complete satisfaction.  
My Jack and his chaser are spinnin' me round,  
Where will I be found tonight.

It's a two fisted night and I'm dressed for thrills.  
Zip my leathers up tight, I'm in for the kill.  
It's a two fisted night and I'm dressed for thrills.  
She'll be lookin so right, gonna get my fill tonight.

It's a two fisted night, the full moon is showing.  
There's action in sight, time to get going.

It's a two fisted night...

## Rockin' You

Music & Lyrics by Baldwin/Knotts/Nobles/Young

I was sittin' at home on a saturday night.  
There was nothing going, I was feeling uptight.  
Heard the news that out on 148th,  
There was something cooking and I shouldn't be late.

There was 15 kegs and the night was young,  
Hundreds of people rockin, having fun.  
The barn was leanin'  
The people were screamin'  
The band was playing loud.

Rockin you, Rockin us, Let's get down tonight.  
Rockin you, Rockin us, Let's get down tonight.  
Rockin', Rockin'.

There was 15 kegs and the night was young,  
Hundreds of people rockin, having fun.

Rockin you, Rockin us, Let's get down tonight.  
Rockin you, Rockin us, Let's get down tonight.  
Rockin', Rockin'.

# My Lovin' Is With You

Music & Lyrics by Stephan Adamek

Should I be looking  
I want to see you smiling  
There's never anything you should cry for.

And when I leave you  
You'll never have to worry  
If I am loving you...  
Yes I Am.

Cuz my lovin is with you  
You know you don't have to worry  
Cuz my lovin is with you, baby.

Should I be looking  
I want to see you smiling  
There's never anything you should cry for.  
(I don't want to see you cryin'.)

And when I leave you  
You'll never have to worry  
If I am loving you...baby.

Cuz my lovin is with you  
You know you don't have to worry  
Cuz my lovin is with you, baby.

# You've Got A Lot To Live

Music & Lyrics by Baldwin/Knotts/Nobles/Young

Had my nose to the grind,  
I was caught on society's hook  
Makes no sense in my mind  
Lookin' back at the book.

You've got a lot to live in this world today  
So get out and find your way.  
You've got a lot to live in this world today  
So get out...  
You've got to find your own way  
Each and every day - yeah

All this time that I've wasted  
Asked myself the reasons why  
And all this sweat that I've tasted  
Has it been such a lie.

You've got a lot to live in this world today  
So get out and find your way.  
You've got a lot to live in this world today  
So get out...  
You've got to find your own way  
Each and every day.

Go through them changes...

And now I'm through with this job  
Same old nine to five  
And, yes I feel that I'm livin'  
Yes I feel so alive.

You've got a lot to live in this world today  
So get out and find your way.  
You've got a lot to live in this world today  
So get out...  
You've got to find your own way  
Each and every day.
